1. Statement

Novelty (N)	Claims 1 - 10	YES
	Claims	NO
Inventive step (IS)	Claims 1 - 10	YES
	Claims	NO
Industrial applicability (IA)	Claims 1 - 10	YES

2. Citations and explanations:

None of the documents cited in the International Search Report discloses or suggests an up-and-over screen assembly having all the features of the present claims, specifically, a device positionally fixed in relation to the screen assembly for absorbing unwanted forces which would otherwise act on the traveller to cause the screen to become unstable when raised through approximately 90° or more.

The claims are thus considered to be novel and to involve an inventive step.

The claims are all industrially applicable.
